Taylor & Francis
Publishers since 1798

EDITORIAL POLICY

The International Trade Journal is a refereed journal published for the enhancement of research in international trade. Its editorial objective is to provide a forum for the scholarly exchange of research findings in, and significant conceptual or theoretical contributions to, the field.

The International Trade Journal welcomes contributions not only from researchers in academia but also from practitioners of international trade with significant research findings in the field.

The *Journal*'s scope includes, but is not limited to, the following:

—International Trade Theory
—International Trade Relations
—Commercial Policy
—Trade and Development
—National Studies
—International Trade Organizations and Agreements
—International Corporate Finance
—Exchange Rates and Currency Markets
—International Monetary Issues
—International Emerging Markets
—Regional Studies
—International Finance Organizations and Markets

The responsibility for views expressed, and accuracy of facts given, are those of the authors. Such opinions do not necessarily reflect the position of Texas A & M International University or the Institute for International Trade; nor that of the Editor or the Editorial Advisory Board of the *Journal*.
